### Special Event Insurance

#### Ensure the Success of Your Big Day

Anniversaries, birthday celebrations, graduation parties, and weddings - these are all special events that celebrate important moments in a person's life. Planning such an event often involves a lot of time, money, and effort, all in the hopes that everything goes as expected.

Special Event Insurance from eSummers Insurance Agency is designed to provide you with peace of mind and financial protection in the event you have to cancel your special plans due to adverse weather conditions or a natural disaster. Most policies also cover cancellation when serious injury or illness prevents a key participant from attending the event.

#### Wedding Insurance

Your policy can even help you recover some of the costs if a key vendor of your wedding, such as the caterer, florist, or photographer fails to show up. Additional options for your Special Event Insurance are available and can include coverage for:

- Gowns and tuxedos
- Theft or damage to gifts
- Extended coverage for honeymoon cancellation
- Professional counseling if the cancellation of the event causes severe emotional distress

Most event sites have their own liability insurance; however, if you decide to hold your event at home, you may also want to purchase Liability Coverage that extends beyond your Homeowners policy.

Ensuring that your wedding is protected is an important part of planning for it. Since Special Event Insurance is designed on an individual basis, it is important to discuss your specific insurance needs with a professional. Contact eSummers Insurance Agency today to learn more.
